

March 2016 Summit Critical Questions

The theme for the SAB March 2016 submit, is “Student Voice and Civic Engagement”. During the Summit, we will talk about how student voice can impact your school, community and Montana.

Before the Summit, ask your peers to answer these questions. Add their comments and creative ideas too! Please plan to bring this sheet with you to the Summit.

1) Describe a time when you stepped up and “did the right thing” – joined an effort to help your school or community; helped someone in need; spoke out for something that was important to you, etc.

2) How can your school and community support your efforts to be active in the issues you care about?
